

ABOUT US

Outstanding Training Center is one of the first professional microblading schools in New York City. Founded in 1990, we have over 30 years of providing skincare and microblading training to our students. Many are now excelling in their careers as estheticians, microblading artists, eyelash artists and even instructors. Our mission is to transform our students into confident and knowledgeable practitioners in the beauty industry. We also hope to inspire and assist our students with creating a successful business of their own.
